APPEARANCES:

Brian Yarberry, Kosair Children's Hospital Pharmacy. Brian Yarberry, Director of Pharmacy at Kosair Children's Hospital, appeared before the Board to request approval of a pharmacist remotely verifying a compounded sterile product. The program Dose Edge has bar code scanning, a camera system, and dose calculations and is fully traceable. Dose Edge allows for the standardization of processes. The software is on the Norton Healthcare server and allows a Norton Healthcare pharmacist to check the compounded sterile product from any location which has access to the Norton Healthcare server. There will be a pharmacist on site to supervise the compounding of sterile products. Dr. Greenwell stated this practice is allowed per 201 KAR 2:300, Common database. Ms. Lalonde stated there was no legal reason this practice could not be approved. Dr. Greenwell moved remote pharmacist verification of a compounded sterile product is allowable per 201 KAR 2:300 and therefore is permissible exactly as outlined by Dr. Yarberry. Mr. Thornbury seconded, and motion passed unanimously.

Anthony Jensen, PCA Pharmacy. Anthony Jensen, pharmacist-in-charge of PCA Pharmacy, appeared before the Board to request approval of technology that would have the pharmacist performing the final check of the product at the time the product was loaded into a robot instead of at the end of the prescription filling process. After discussion, Dr. Greenwell moved to approve the request of the pharmacist performing the bar code scanning of the final product verification at the time the drug is loaded into the robot as presented. Mr. Thornbury seconded, and the motion passed unanimously.

Jill Jones. Jill Jones did not appear. There was a discussion regarding revocation of a pharmacist's license. The Kentucky law does not permit for a permanent revocation, the pharmacist has the opportunity to continually request an appearance before the Board for reinstatement.

Steven Paul Gullett. Steven Paul Gullett did not appear.

John Lochridge. John Lochridge was sworn-in by Melody Curtis, Court Reporter. Dr. Lochridge was appearing before the Board to request permission to reciprocate from Mississippi in order to be the pharmacist-in-charge for an out-of-state Kentucky permitted pharmacy. Dr. Lochridge gave a brief overview of the events that lead to the suspension of his Mississippi pharmacist's license. In April 2012, Dr. Lochridge's Mississippi pharmacist's license was suspended because of impairment. Dr. Lochridge entered rehab and has a sobriety date of April 21, 2012. In October 2012, Dr. Lochridge's Mississippi pharmacist's license was reinstated. In March 2013, Dr. Lochridge started his current employment at a veterinary pharmacy. This pharmacy does not dispense for humans and does not have controlled substances, therefore, does not have a DEA registration or a Mississippi controlled substances registration. Dr. Lochridge explained the Mississippi Recovery program. He is on a standard 10 year contract with monthly drug screens and every other week pharmacists meetings. Dr. Lochridge was indicated for embezzlement but entered into a 2 year pre-trial diversion program. Dr. Greenwell moved to allow John Lochridge to reciprocate from Mississippi to Kentucky and to place Dr. Lochridge on an Agreed Order that mirrored the remainder of his Mississippi's Agreed Order and prohibits the location of employment to obtain a DEA registration or a state controlled substances registration. Mr. Hadley seconded, and the motion passed unanimously.
